

## Wildlife Gardening Survey

Please help us to know more about the wildlife in your garden in **2009 January – September**

1) I have seen the following wildlife in my garden:

Species	Number or frequency of sightings	Number of individuals per sighting (approx.)	Months seen (e.g. Jan – March)
Hedgehog			
Common frog			
Large garden bumblebee			
Song thrush			
House sparrow			
Butterflies:			
Meadow brown			
Speckled wood			
Peacock			
Red Admiral			
Small tortoiseshell			
Others – please list:			

Please send in a photo if you are unsure of the species. Unfortunately, we cannot guarantee photos will be returned.

2) I have/have created the following habitats in my garden:

Habitat	Y/N	Estimated size (m <sup>2</sup> )
Log/branch pile		
Bee/insect nest		
Longer grass area		
Night scented plant border		
Taller shrubs or hedge		
Wildlife friendly pond		
Other habitats/actions taken. Please list below:		

3) I use only peat free compost (please delete as appropriate)

Y/N

4) I use environmentally friendly slug pellets

Y/N Always Sometimes

I use ordinary slug pellets

Y/N Always Sometimes

5) I am interested in taking part in a more detailed survey

Y/N
